1. This communication is in response to applicant's amendment received on January 8, 2004.

 2. Claims 1-3<sup>9</sup>~~1~~ are allowed.

3. The following is an examiner's statement of reasons for allowance: As pointed out by the applicant, in the response filed on January 8, 2004, certain key features of the claimed invention are not taught or fairly suggested by the prior art. Specifically, the prior art fails to show a revenue meter with a graphic user interface being operative to display scalable alphanumeric and graphical objects. Because none of the prior art teaches or suggests this element, this feature, taken together with the other limitations of the claims renders the claims allowable over the prior art.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jay M. Patidar whose telephone number is 571-272-2265. The examiner can normally be reached on M-Thur 7:00-5:30.
